

EZ BUST BLACKJACK SIDE WAGER

THE GAME:

EZ Bust™ offers a unique and exciting side bet for Blackjack where players are given the option to place a wager that the dealer will bust after seeing the dealer up-card!

THE DEALER BUSTS, YOU WIN!

THE PLAY:

To participate in the EZ Bust Blackjack side bet, a player must wager on the main Blackjack bet. Once the blackjack game is dealt in the traditional manner, each player is offered the opportunity to place an EZ Bust wager if the dealer is showing a “bust card,” i.e., a two, three, four, five or six.

Standard Blackjack play resumes once the EZ Bust side bets are placed.

EZ BUST PAYOUT:

Resolution of the EZ Bust Blackjack side bet wager is based solely on whether or not the dealer hand busts after drawing at least one card.

If the dealer draws at least one additional card and busts, all EZ Bust Blackjack wagers win.

The player is paid 1:1 on the EZ Bust Blackjack wager.

If the dealer fails to bust after drawing at least one card, all EZ Bust Blackjack wagers lose and the bet is collected by the dealer.

If all players' hands bust, the dealer does not play its hand to completion and any undecided EZ Bust Blackjack bet is a push.
